Grid Game Here Thursday Morn

A feature of the Thanksgiving day observance here will be a football game between the alumni of the Torrance high school and the high school team at 10 o'clock Thursday morning. Many former Torrance high stars will be seen in action against the 1936 eleven.

WIND CAUSES DAMAGE

A stiff santana wind Saturday morning caused some slight damage of signs, awnings and windows here. A large window at the United Cigar store, corner of Cabrillo and Gramercy avenues, was smashed and a number of large signs blown to the ground.

CARVING - sets at cost or less.

At Worrell's, the Hardware Man. Adv.

SOCIETY TO MEET

The Missionary Society of the Methodist church will meet at the home of Mrs. Stewart Holland, 333 Sartori avenue, Friday, afternoon at 2:30 o'clock.

Low Prices Are Boon To Housewives Now

(Continued from 1-A)
high prices. Quality has improved, however, and price has fallen.

Grape Juice Cheap

Artichokes are not advised for inclusion in the menu at present. Heavy shipments east, combined with local conditions, have boosted the price to some extent, although it is possible, department officials said, that this vegetable may come down to a price where it can be safely included in the "economy dinner" by Thanksgiving.

California supplied 88 per cent of the country's grapes this year with a huge production - more than 2,000,000 tons. Prices are nominal so that grape juice - or juice of the grape in other forms - will fit into the meal nicely.

ALL Gas Heaters at cost at Worrell's, the Hardware Man. Adv.

Union Church Service Thanksgiving A. M.

(Continued From Page 1-A)

rifles" for his topic. As customary a local pastor will read the President's Thanksgiving Day Proclamation. All other ministers in the city will have a part in the service, and special music is being arranged by the various choir organizations.

Because the joint service lasts but one hour - a practice that has been maintained here ever since the union meeting originated - it is hoped that a large number of local residents will attend the program and take part in the Thanksgiving meditations.

Stolen Car Found Near Signal Hill

(Continued from 1-A)

Murray said today. It showed that it had been driven hundreds of miles during the four days of its absence from the local garage.

Paul and Murray's agency was broken into during daylight hours and the car, legally owned by Allen H. Paul and registered to an Ontario man, and a battery stolen. It is thought that the thief was accompanied by a small boy who climbed through the smashed rear window and unlocked the rear garage doors to permit the theft of the machine. Some excellent fingerprints of the culprits were discovered by deputy sheriffs and these may lead to the arrest of the daring thief.

"Gay Nineties" Party Dec. 6

(Continued from 1-A)

search for the good old long-tailed and shoulder-padded benny of the stylish days. The horseshoe scarf-pin set with rhinestones will blaze from the red necktie and the near-gold log-chain watch preserver will drape itself lovingly across the fancy vest. The yellow calfskin gloves and the ox-blood shoes will put the KO on the gents' costumes, and if any lady appears without her face veil - oh my goodness!

Where's That B-stl!
B-stls were worn, too, in those days, not too pronounced, you know, but just enough to take away that sway-back effect! They were cut in a sort of a crescent moon shape, stuffed with cotton, excelsior, or the relics of a worn-out chemise, and tied around the waist or sewed to the skirt-band where the gathers were thickest.

This was the preferred style which reduced the percentage of embarrassing moments to a minimum. There was no danger of l-s-ng them or having them take a slight list to port which made the weather appear to have one hip higher than the other.

Let's All Two-Step
Prizes for the most typical costumes will be awarded that night, and \$100 will be distributed to those who get the nod from the judges who will look over every one as they twirl in the mazes of the two-step and contra dance.

It's to be a gay night, this December 6, for it ushers in the Christmas season. Let's make this a Good Old Fashioned Christmas!

YOUR SAFETY

DEPENDS ON THE TREAD OF YOUR TIRES

THE increasing number of accidents caused by skidding gives emphatic warning to the danger of smooth tires. What is the condition of your tires? If the tread is worn down, they are unsafe. For your protection, and the protection of your family, equip today with the tires that hold all world records for safety.

Firestone

HIGH-SPEED HEAVY-DUTY

Greatest heavy duty tire engineering achievement of all time - bigger, stronger, safer, longer-wearing than any heavy duty tire ever built.
